Appl. No. 10/010,031
Amdt. dated June 8, 2006
Reply to Office action of March 8, 2006

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1.-22. (Canceled).

23.   (Original) A method of creating a remotely verifiable certificate, comprising:

    (a)   retrieving a first signed certificate;

    (b)   combining together said first signed certificate with other values;

    (c)   computing a hash of the combination from (b); and

    (d)   signing said hash from (c) with a private key.

24.   (Original) The method of claim 23 wherein said other values in (b) includes an IP address.

25.   (Original) The method of claim 23 wherein said other values in (b) includes a domain name.

26.   (Currently amended) A computer, comprising:
    a processor; and
    a memory coupled to said processor;
    wherein said memory includes storage for a first certificate and a second
        certificate, said second certificate derived from said first certificate;
        and
    wherein said processor combines at least a portion of said first certificate
        with additional values, computes a hash of said combination, and
        encrypts said hash with a private key.

27.   (Canceled).
